

ROWENA ACADEMY

SAFEGUARDING CHILDREN AND YOUNG PEOPLE POLICY

PERSON RESPONSIBLE FOR POLICY:	MICHELLE BENTON
APPROVED:	DATE: OCTOBER 2016
SIGNED:	ROLE: PRINCIPAL
TO BE REVIEWED:	DATE: SEPTEMBER 2017

We all have a statutory duty to “safeguard and promote the welfare of children”.

If you have any concerns about the health and safety of a child at this educational setting or feel that something may be troubling them, you should share this information with an appropriate member of staff straight away.

Some issues e.g. a child’s appearance, hygiene, general behaviour, can be shared with any teacher or member of support staff in this setting. Do not worry that you may be reporting small matters - we would rather that you tell us things which turn out to be small than miss a worrying situation.

However, if you think the matter is very serious and may be related to a child protection concern, e.g. physical, sexual, emotional abuse or neglect, you must talk to one of the people below immediately. If you are unable to contact them you can ask the school office staff to find them and ask them to speak to you straight away about a confidential and urgent matter.

The people you should talk to at this setting are:

The Designated Safeguarding Lead (DSL)

Name: Michelle Benton (Principal)

The Deputy Designated Safeguarding Leads

Name: Sherry Kahler (Vice Principal)

Name: Amy Hughes (Parent Support Adviser)

Any allegation or disclosure involving someone who works with children in a paid or voluntary capacity must be reported directly to the Principal or Senior Manager, unless it involves them and then it should be reported directly to the Chair of the Education Advisory Body (EAB).

If it involves them it should go direct to the Local Authority Designated Officer. If in any doubt refer to the DSCB Policies and Procedures and contact the LADO.

BASED ON THE DONCASTER LOCAL AUTHORITY APPROVED POLICY (UPDATED SEPTEMBER 2016) IN LINE WITH WORKING TOGETHER 2015, KEEPING CHILDREN SAFE IN EDUCATION 2016 AND INFORMATION SHARING 2015.

SAFEGUARDING CHILDREN POLICY

RATIONALE

This policy has been developed in accordance with the principles established by the Children Act 1989 and 2004, The Education Act 2002 and Working Together to Safeguard Children 2015. This policy reflects the statutory requirements within Keeping Children Safe in Education 2015 (KCSIE 2016).

In Doncaster this policy compliments the Doncaster Safeguarding Children Board – South Yorkshire Child Protection Procedures. The local procedures must be followed in all cases.

<http://doncasterscb.proceduresonline.com/>

This policy also shows our commitment to support the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools. Schools and local authorities must have regard to it when carrying out their duties to safeguard and promote the welfare of children under section 175, of the Education Act 2002, paragraph 7(b) of Schedule 1 to the Education (Independent School Standards) Regulations 2014 and paragraph 3 of the Schedule to the Education (Non-Maintained Special Schools)(England) Regulations 2011.

Rowena Academy recognises the responsibility it has under Section 175 of the Education and Inspections Act 2002, to have arrangements for safeguarding and promoting the welfare of children. The Governing Body approve the S175 or 157 and return to the Local Authority (LA) on a yearly basis. This policy demonstrates the Academy's commitment and compliance with safeguarding legislation.

Through their day-to-day contact with pupils and direct work with families, staff at Rowena have a crucial role to play in noticing indicators of possible abuse or neglect and referring them to The Doncaster Children's Trust Referral and Response Service. This also involves understanding serious case reviews and how to improve practice to prevent children from falling through the gaps.

PURPOSE

The purpose of the policy is to ensure that safeguarding is everyone's responsibility.

- The welfare of the child is paramount;
- All children regardless of age, gender, ability, culture, race, language, religion or sexual identity have equal rights to protection
- Everyone who works with children has a responsibility to keep them safe (Working Together 2015) and understand KCSIE Sept 2016 Statutory and mandatory reporting requirements.
- All staff have an equal responsibility to act on suspicion or disclosure that may suggest a child is at risk of harm, any professional with concerns about a child's welfare should make a referral to the Doncaster Children's Trust, and professionals should follow up their concerns if they are not satisfied with the response.(Working Together 2015)
- Pupils, parents and staff involved in Safeguarding issues receive appropriate support and training
- Staff adhere to a Code of Conduct and understand what to do if a child discloses any allegations against staff working in a public capacity, including teaching staff, Principal or member of the EAB.
- To develop and promote effective working relationships with other agencies, especially the police and social care
- To ensure all staff have been recruited safely and a single central record is kept, satisfactory DBS checks are made in accordance with guidance.
- We have a safe Academy with confident staff, confident parent/carers and confident pupils who know how to recognise and report safeguarding concerns
- All staff understand the categories of abuse, indicators and know when, who and how to record and report all safeguarding concerns.

- advise you will have to pass the information on
- avoid coaching/prompting
- never take photographs or videos of any injury

http://doncasterscb.proceduresonline.com/chapters/p_info_sharing_conf.html

SHARING INFORMATION

From time to time schools may receive concerns in relation to public taking photographs, alleged incidents from outside schools – for example strangers/ attempted abduction etc. DSLS may also receive information from young people on new `trends` for example the sharpie shock challenge.

Designated safeguarding leads will consult with the police, health and relevant agencies before sharing information with parent/carers/young people via text messages or other devices. The LA alongside partner agencies will support the wording of any communication.

RECORD KEEPING

- The Academy follows the record keeping guidelines taken from Sections 1 – Child Protection and Section 4 – Pupil Records. The DSL is aware the Local Authority's records are kept for 75 years from date of closure so if any information that is held within the School that came from the LA could be destroyed once the child has left the Academy, however, any records created by the school the school could apply the above retention period(s) to their documents, so the whole pupil file could go to the secondary school whilst the Primary School should keep a copy of the child protection element for the prescribed timescale.

http://www.irms.org.uk/images/resources/infoguides/records_management_toolkit_for_schools_version_4_may_2012.pdf

RECORDS AND MONITORING

- The DSL has security of information and data protection training.
- Any concerns about a child will be recorded on the CPOMS online system.
- The Designated Safeguarding Lead, the Deputy Designated Safeguarding Leads and any other relevant staff will be alerted to the incident on CPOMS.
- All records will provide a factual and evidence based account and there will be accurate recording of any actions.

- At no time is an individual teacher/member of staff be asked to or consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures.
- Any paper copies of safeguarding records will be kept in the secure child protection file, which is securely stored and away from the main pupil file. Ensuring that an indication of the existence of the additional file is marked on the pupil records.
- The Academy will keep written records of concern about children even where there is no need to refer the matter to MASH/Children's Trust Referral and Response Service (or similar) immediately.
- Records will be kept up to date and reviewed regularly by the Senior Designated Person to evidence and support actions taken by staff in discharging their safeguarding arrangements
- The Child Protection File can be active or non-active in terms of monitoring i.e. a child is no longer LAC, subject to a child protection plan and this level of activity can be recorded on the front sheet as a start and end date. If future concerns then arise it can be re-activated and indicated as such on the front sheet.
- Files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

Why recording is important

- Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages are from serious case reviews are in terms of recording and sharing information.
- If the child moves to another school, the child's file will be sent or taken, as part of the admission/transition arrangements, to the Senior Designated Person at the new establishment/school. There will be a timely liaison between each schools Senior Designated Person for Safeguarding to ensure a smooth and safe transition for the child. The school will request a signed receipt and also ensure they save a chronology/summary in line with retention guidelines.

The establishment of a safeguarding record which is separate from the child's main school file, is an important principle in terms of storing and collating information about children which relates to either a child protection or safeguarding concern or an accumulation of concerns about a child's welfare which are outside of the usual range of concerns which relate to ordinary life events. It needs to be borne in mind that what constitutes a 'concern' for one child may not be a 'concern' for another and the particular child's circumstances and needs will differ i.e. a child subject to a child protection plan, looked after child, CIN may be looked at differently to a child recently bereaved, parental health issues etc. Professional judgement will therefore be an important factor when making this decision.

RECORDING PRACTICE

Timely and accurate recording will take place when there are any issues regarding a child. A recording of each and every episode/incident/concern/activity regarding that child, including telephone calls to other professionals, needs to be recorded in the confidential file for that child. This will include any contact from other agencies who may wish to discuss concerns relating to a child. Actions will be agreed and roles and responsibility of each agency will be clarified and outcomes recorded.

Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge and this will assist in promoting an evidence based assessment and determining any action(s) that needs to be taken. This may include no further action, whether an early help co-coordinators advice should be sought or whether a referral should be made to MASH/Children's Trust Referral and Response Service in line with the early help model.

Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the academy in the early identification of any concerns which may prevent future harm.

Amy concerns are shared and where CP Plans are in place the social worker is informed of any new information immediately. All referrals to the R&R service are followed up in writing within 24 hours. The DSL has an equal responsibility to follow up referrals and keep in touch with social care teams on the support/outcomes from any S17/47 referral.

THE DESIGNATED SAFEGUARDING LEADS / DEPUTY DESIGNATED SAFEGUARDING LEADS ARE RESPONSIBLE FOR:

- Cascading lessons learned from serious case reviews (SCRs) to all staff. Considering key learning into practice for example, from Danial Pelka, Baby P and local SCRs. Checking how staff understand and demonstrate professional curiosity and healthy scepticism when faced with facts and information from parents/carers not matching what staff are observing in practice.
- Understanding and following the DSL key roles and responsibilities contained within KCSIE 2016 (Annex B).
- Referring a child if there are concerns about possible abuse, to the Early Help Hub or Doncaster Children's Trust Referral and Response Service Professional advice lines.
- The DSL will act as a focal point for staff to discuss concerns KCSIE 2016 (p 10) Referrals should be made in writing, following a telephone call using the Early help Module / Doncaster Children's Trust referral and Response Service referral form or the CSE referral form depending on the nature of the referral.
- Keeping written records of concerns about a child even if there is no need to make an immediate referral.
- Attending statutory meetings and regular training and network meetings in line with KCSIE 2016 proposals for annual training.
- Ensuring that all such records are kept confidentially and securely and are **separate** from pupil records, until the child's 25th birthday, and are copied on to the child's next school or college.
- Ensuring that an indication of the existence of the additional file is marked on the pupil records.
- Liaising with other agencies and professionals/accessing local networks.
- Ensuring that either they or the staff member attend case conferences, core groups, or other multi-agency planning meetings, contribute to assessments, and provide a report which has been shared with the parents/carers.
- Ensuring that any pupil currently with a child protection plan who is absent in the educational setting without explanation is referred to their key worker's Social Care Team.
- Organising child protection / safeguarding induction for all new staff, and updating whole school training every 3 years (or on a regular basis via staff meetings) All DSLs attend training every 2 years or attend the designated safeguarding network meetings/DSCB lunchtime seminars on a regular basis. 3 out of 4 meetings a year.

- Providing, an annual report for the Governing Body, detailing any changes to the policy and procedures; training undertaken by the DSL, and by all staff and governors; number and type of incidents/cases, and number of children on the child protection register (anonymised). This supports the S175 annual safeguarding report.
- Understand children in need / children on protection plans and support all looked after children PEPs.
- Providing information and audits to the LA and DSCB when required.

In keeping with the KCSIE arrangements the academy has in place adequate and appropriate cover arrangements for out of school hours clubs.

LIAISON WITH OTHER AGENCIES

The academy will:

- Work to develop effective links with relevant agencies in relation to Safeguarding (Child Protection).
- Send representatives to case conferences, core groups and Child Protection review meetings.
- Notify any allocated Social Worker if:
 - A pupil subject to a Child Protection Plan (CPP) is excluded (fixed term or permanent);
 - if there is an unexplained absence of a pupil on a CPP of more than 2 days or 1 day following a weekend, or as agreed as part of a CPP.
- Follow the LA policy and statutory guidance on Children Missing in Education (CME).

SUPPORTING PUPILS AT RISK

The academy will endeavour to support vulnerable pupils through:

- Its ethos which promotes a positive, supportive and secure environment and gives pupils a sense of being valued.
- The behaviour policy is aimed at supporting vulnerable pupils in the academy. All staff will agree a consistent approach which focuses on the behaviour or the offence committed by the Child.
- Liaison with other appropriate agencies which support the pupil.
- Developing supportive relationships.
- Recognition that children living in difficult home environments are vulnerable and in need of support and protection.
- Monitoring pupil welfare, keeping accurate records and notifying appropriate agencies as and when necessary.
- Allowing designated staff opportunities to attend training, (sexual exploitation, FGM, neglect, PREVENT domestic violence, drugs/alcohol substance misuse etc.).
- Recognising, reporting and responding any behaviours consistent with radicalisation/extremist behaviours.
- Recognising, reporting and responding to any suspected FGM practice.
- The Academy works with a variety of agencies and arranges opportunities for young people to discuss and understand a wide range of specific safeguarding issues.
- The designated safeguarding lead will cascade information to all staff in relation to specific safeguarding concerns listed in KCSIE – page 12. This includes information on:

Bullying, CME, CSE, Domestic abuse, drugs, fabricated illness, faith abuse, FGM, forced marriage, VAWG, hate, mental health, private fostering, preventing radicalisation, relationship abuse, trafficking, LGBTQ support.

- School/setting staff are aware of the DSCB Neglect policy and toolkit available from DSCB to help identify and recognise any child subject to neglect.

EARLY IDENTIFICATION, RECOGNISING AND RESPONDING TO SAFEGUARDING NEEDS

Early Help Hub

The Early Help Hub has been established to improve communication, information sharing; and to support more effective delivery of services where there is a need for multi-agency response.

The Early Help Hub is a multi-disciplinary team with two main functions:

1. Providing information, advice and guidance to professionals who have queries about children who made need a coordinated early help response.
2. Screening all early help enquires forms to ensure an appropriate level of response for the child and family.

The team is available from 8.30 am to 4.30 pm, Monday to Friday, and telephone messages will be responded to within one working day.

Telephone: 01302 734110

Email: earlyhelphub@doncaster.gov.uk

Or

Earlyhelphub@gcsx.gov.uk

If early help assessment (EHA) is needed, the academy will contact the Early Help Hub to discuss our concerns. After discussing our concerns, if it is agreed this is a case for early help, you will be asked to complete enquiry and consent forms with the family.

The Early Help Hub will assess the case and inform the academy of the action required. This could be:

- If an EHA has already been completed or there is an existing TAC/F, we will be asked to share information and join the TAC/F
- Single agency response for a specific piece of work
- EHA required – lead practitioner identified
- No further action
- Escalation to Children's Social Care if this case is already known to them or the information gathered during screening indicates escalation is required.

The Early Help Hub does not replace the existing 'front door' arrangements for children's social care in Doncaster. If at any stage the academy has any concerns that a child is at risk of harm then we would follow the academy's safeguarding procedure and make a referral to Children's Social Care Referral and Response Service on:

Telephone: 01302 737777 (available 8.30 am – 5.00 pm Monday to Friday)

Telephone: 01302 796000 (outside office hours)

The school nursing service can offer early identification cases (pre-caf) were some concerns are being raised. Help with managing healthy weight/lifestyles, CSE, domestic abuse, FGM, childhood illnesses and support managing medicines and health care plans / allergies. The service also provides training for staff.

GAMBLING AND SOCIAL GAMING

Young people need to be 18 years and over to legally gamble in casinos, high street bookmakers and in most cases on-line. However there are certain categories of slot machines (such as those found in arcades, predominantly at Seaside resort towns) which have no age restriction. Similarly young people wanting to buy National Lottery Scratch Cards or Lottery Tickets can do so at the age of 16 years. All these type of activities are classed as gambling and with the explosion of advertising and the presence of high street bookmakers, gaming is more prevalent in society today.

In addition to the above traditional forms of gambling; social gaming is hugely popular among young people. Social gaming has no age restriction and is predominantly accessed by young people via mobile phones or tablets in the form of a downloadable app (such as Candy Crush or Game of Thrones). These apps are free to download and play, but have countless opportunities for players to purchase (often with real cash) tools or tips to advance levels in such games. Though many young people do not experience harm, for some young people such games can be highly addictive and lead to (i) isolation and time lost to playing and (ii)

financial pressure due to consistently purchasing tools to advance. If you notice or suspect students may be experiencing harm, here are some of the warning signs:

- Be male and aged 13 – 18 years.
- Use gambling to cultivate status among peers.
- Fallen out with family, truant from school or college.
- Low self-esteem, but irrational behaviour.
- Preoccupied on mobile, restless or irritable.
- Lies to family members, friends and college staff to conceal behaviour.
- Never has no money.

Advice or help can be accessed via:

- National Problem Gambling Helpline (0808 8020 133).
- Gamble Aware website (www.gambleaware.co.uk) – generic website offering advice.
- Inviting the Young Gamblers Education Trust (YGAM) in to school to talk to students or deliver workshops on gambling & social gaming as part of PSHE or school enrichment days. www.ygam.org.uk.
- All the materials used by YGAM are PSHE quality assured and accredited by ASDAN.

WHISTLE BLOWING

- We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.
- All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If it becomes necessary to consult outside the academy, they should speak in the first instance, to the Lead Advisory Officer for Education Safeguarding or LADO following the Whistleblowing Policy.
- Whistle-blowing re the Principal should be made to the Chair of the Governing Body whose contact details are readily available to staff (as pertinent to setting).
- Ofsted also may wish the LA to investigate any whistleblowing concerns and the academy will work with the LA should this arise
- Staff understand KCSIE (page 9) requirements and know they can raise concerns also with the NSPCC.

COMPLAINTS

Staff are aware of how to handle parental complaints and how to offer parents the academies complaint procedure. This follows gov.uk/ofsted or EFA guidelines.

PHYSICAL INTERVENTION

- We acknowledge that staff must only ever use physical intervention as a last resort, when a child is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person.
- Staff who are likely to need to use physical intervention will be appropriately trained in the Team Teach technique or equivalent training.

- The school understands how to report any injuries to staff to the health and safety team.

- We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundary and a clear Code of Conduct is in place for all staff.

All staff are aware of the role of LADO and what constitutes a referral to LADO following any allegation of using force or restraint.

The initiation rites can range from relatively benign pranks, to protracted patterns of behaviour that rise to the level of abuse or criminal misconduct. Hazing is often prohibited by law and may comprise either physical or psychological abuse. It may also include nudity and/or sexually based offences.

Linking to peer on peer abuse / peer pressure, all children are advised on how to recognise and report any concerns. PRIVATE FOSTERING (SEE ALSO KCSIE P65 ANNEX E : CHILDREN WITH HOST FAMILIES)

STAYING

Private Fostering – A Definition

'A private fostering arrangement is essentially one that is made privately (that is to say without the involvement of the Authority) for the care of a child or young person under the age of 16 (under 18 if disabled) by someone other than a parent or close relative with the intention that it should last for 28 days or more.... The period for which the child is cared for or accommodated by the private foster carer should be continuous, but that continuity is not broken by the occasional short breaks'.

SUBSTANCE MISUSE

Schools substances misuse policy should incorporate the possession and or use of such drugs in school, during the school day or while travelling to/from school is inappropriate. The drugs/substances covered by this policy are not to be bought, sold or otherwise exchanged or brought onto school premises during the school day, or while pupils are on school visits. Individual exceptions may be made for pupils who require prescription medicines where appropriate. This policy should set out the school's approach to NPS and volatile substances. Both pupils and staff should be aware of how these products are regarded and treated by the school.

The academy has a 'Smoke Free Environment policy' that includes banning the use of e-cigarettes on school premises and grounds.

For support on the above issues CONTACT PROJECT 3: 01302 640032

HIDDEN HARM

The Governments 'Hidden Harm' reports (ACMD 2003, 2007) revealed the large numbers of children across the UK living with parents who misuse drugs – an estimated 200,000

For some of these vulnerable children, attendance at school provides a respite from difficult home circumstances. For others, the consequences of family substance misuse include poor attendance, lack of progress with their education and failure to develop the necessary social and behavioural skills. This can be particularly difficult for children if they are also taking on a carer role for parents or siblings. Children can "act out", through challenging behaviour, or "act in", through withdrawal or self-harming behaviours, the distress that they are experiencing due to difficulties at home.

The DSL will refer any concerns to the early hub and referral and response service and work with partner agencies and Project 3 so children in these circumstances can be responded to appropriately.

Families where parents/carers drink problematically, use illicit drugs or misuse prescribed medication can still provide a safe, secure and supportive family environment for children. However for some families, drug and/or alcohol misuse can become the central focus of the adults' lives, feelings and social behaviour, and has the potential to impact on a child at every age from conception to adulthood. It is therefore essential that the implications for each child in the family are carefully assessed.
